

I Believe In Music -Mac Davis

Intro: [C]

[C] I could just sit around making music [Dm] all day long
[G] As long as I'm making music, I know I [F] can't do [G] nobody [C] wrong
[C] And who knows, maybe someday I'll come [Dm] up with a song
Makes [G] people want to stop this fussing and fighting just [F] long enough to
[G] sing [C] along.

Chorus:

[C] I believe in [Dm] music
[F] I...[G] I believe in [C] love
[C] I believe in [Dm] music
[F] I...[G] I believe in [C] love

[C] Music is love and love is music if you [Dm] know what I mean
[G] People who believe in music are the happiest [F] people I've [G] ever [C]
seen
So [C] clap your hands, and stomp your feet and [Dm] shake your tambourines
[G] Lift your voices to the sky [F] God loves it [G] when you [C] sing

Repeat Chorus:

[C] Music is the universal language and [Dm] love is the key
To [G] brotherhood, peace and understanding and [F] living in [G] harmon-[C]y
So [C] take your brother by the hand, and [Dm] sing along with me
[G] Find out what it really means to be [F] young and [G] rich and [C] free

Repeat Chorus (2X):
